

RETIREMENT

NOT JUST A FAR-OFF NOTION!

If you are close to it or are planning to retire soon,
there is a group whose purpose is to see that
your retirement funds are protected.

New York State Retired Teachers Association

N.Y.S.T.R.A.

Teachers who have already retired volunteer to watch over your retirement funds even more zealously than the State Legislators do. The State has been trying to get control over our very well-funded and well-run Retirement system for many years.

By joining NYSRTA, you enable these retired volunteers to do the work that they do to protect your money.

In addition, NYSRTA searches out the best deals for things like long-term care insurance, hearing devices, travel opportunities, discount programs and services, financial assistance in times of crisis through the DeCormier Fund, as well as social activities.

Our area is served by the Central Western Zone of NYSRTA. People with whom you have taught are now working for your benefit.

Help them help you by joining!

Dues for joining Seneca County (SCRTA) are \$7.00,
NYSRTA is \$30.00
or a Life membership is \$450.00.

PLAN AHEAD!

For further information contact SCRTA President Carol Westlake at
