

Health Care

We seemed to have a pause In our Covid epidemic and with the warmer weather, this is not the time to let our guard down.

If you are planning on attending a “supersized gathering” check the requirements for the attendees, this way you will not be disappointed. I’m taking a bus trip and we are required to bring our proof of vaccination or a negative covid test results given within 3 days of the trip and face masks must be worn for the entire trip unless eating or drinking. Do not come if you are not feeling well, they will gladly refund the money. Be informed and prepared.

If you haven’t be vaccinated, please consider doing so. Continue with the hand washing and do things that make you feel comfortable.

Enjoy the remaining days of summer.
