

## Health Care Report

Attended the RENY State Conference in Albany in October and was a little disappointed that the State Health Care Chairwoman was unable to attend the conference, missed the opportunity to hear what's happening in other zones. It was a much smaller meeting, Certificate of Recognition Honorees dinner and the Delegates meeting that was it.

As of today Pfizer vaccine has been approved for 5 - 11 year olds. I'm not sure where people stand on the vaccination debate. If you have not got your shots, please consider getting one or wear a mask, wash your hands frequently. I have had my 2 Pfizer shots and a booster shot. Had a sore arm the day after, but that was it, no covid so far. I highly recommend this shot, but the final decision is up to each person.

I have a request to make. Would each zone update me as to who is the Health Care chair is for each zone. If you don't have one, is there one in your zone who would like to receive the Monday- Friday Kaiser Health News letter emails. I am sending the newsletters to Mary Beth Tyndall, Robyn Ballard, Teresa Stephens, Vicki Universal, Mary Corey, Sharon & Bruce Croucher, Jane Crosby, Judy Haberer and Sharon Maher.

Ellen Clark and Ruth Smith requested that they be removed from the list, is there someone else in their zones that would like to receive the email.

In talking to someone, she said that she never received the emails. My computer was hacked in late 2018, had to change my email. The new email address is

[Elizabeth.wv.14@gmail.com](mailto:Elizabeth.wv.14@gmail.com)

Please update the address so your computer will recognize me. Also my home address is  
43 Wilelen Rd.  
Rochester, NY 14624 - 4049  
Phone (585) 247 - 2793

Have received letters with the wrong zip code
